Dear Janet,

You are one of my best correspondents and I am always glad to hear from you. I have just written another long letter to Blanche and Dorothea and I am enclosing a carbon copy to you.

I have not seen Mike since I wrote you last but presume he is all right. School will soon be over and Dolph Jr. looks forward to military service. As I have told you, John is already a member of the Marines.

It seems to me that the United States has played the fool ever since it first elected Franklin Delano Roosevelt and God only knows whether we shall ever overcome all of the many things that have beset our nation since that time. A few years ago, it would have seemed impossible for any man or men in Washington to have threatened the peace and prosperity of our nation but I guess we lived in a "fool's paradise".

You have been one of my best correspondents but I have not heard from you for some little time.

Love and best wishes,
