

March 7, 1951

Mrs. L. A. McNalley
Minneapolis, Kansas

Dear Janet:

I am sending you herewith a copy of a letter that I have written to Blanche which will give you more or less information without having to rewrite it.

I have been very happy with Mr. and Mrs. Parrish and will be sorry to have them go, although I appreciate the great value it is to them for him to have completed his university work and to be prepared for an outstanding job in mechanical engineering. When we see a machine we may notice nuts and bolts and things of that sort, but I doubt if many of us stop to consider the matter of stresses and strains, all of which have had to be figured to a nicety in order to make the equipment successful.

Keep in touch with me and let me know when you will come for another visit.

Lovingly,

WCS:bjh
