Dr Allen is more interested in making Lovelletts an All American than in winning the ball games and developing his teams!

He had a snow last week about 2 inches but it is all gone now — he need lots more snow & rain. It is colder tonight but was nice today. I haven't heard from any of the family except you for some time but guess I owe Dorothea a letter — I want them to come down for a weekend soon — I'm hoping you found the picture you were looking for —

Love to you & Mil in all probability. Bet you the last of the nuts. I am & fine the lessons "A Look at the Books" have it fully digested & well prepared tho.

Must close —
With love —
Janet
