

Savannah, Georgia and then the  
next day go to Parris Island -

I sure do hate to leave  
Menn. but on the other hand, I  
am looking forward to learning  
all these new things and meeting  
all these boys.

Well I just wanted to let  
you know that we are all are thinking  
about you, and wanted to write  
you a letter -

I will see you in Sept.  
when I think we will get a  
few days off.

Good luck in the fishing  
department when you get up here.

Love  
Doyle -
