

December 4, 1951

Mrs. Mary Dunden
Lawrence Memorial Hospital
Lawrence, Kansas

Dear Mrs. Dunden:

I just heard through Raymond Rice that your mother had passed away. I am sorry to hear of this for no matter how old the mother may be, she is still mother and there is no one who can take her place. I hope that you will find comfort with your son and daughter, and that your many duties at the hospital will, in a manner, take your mind from your personal sorrow.

You have been an excellent superintendent and I am sure that you have the best wishes of everyone who has been connected with the hospital, either as a patient or with its management.

With very best wishes, I remain,

Sincerely yours,

W. C. Simons
