

Happy to have it.

When we first saw him he was in uniform from his days work - my. He looks fine to us - we had the handsomest officer we saw.

He cleaned up & took us to the officer's club for dinner. It is a very nice place and we had an excellent dinner. We were so pleased of Joseph Jr. & he was so nice to us.

We stayed with him until about ten - then drove back here. We are going out to Quantico shortly to watch the football game
