Gull Lake 3-9-57

Dear Mr. Simons.

We arrived home March 2nd, and just slipped in between storms. Had no snow until we got to Worthington and they had a blizzard on Wednesday just about buried them. But the highway was fine, we stayed at Red Wood Falls all night, and they too was buried, but again highway fine, till we got to Paynesville and from there to St. Cloud was bad, rain and sleet, which made the road very rough.
