

where we would be. Peter
watch the place and took
care of our mail.

We are so glad you
are feeling good this winter
and are looking forward
to seeing you before too long.
Mr. Quinon spoke of having
a road made to come into
his place from our road but
last fall Mr. Miles didn't do
any thing toward it, so if
he doesn't know it, you
might speak to Mr. W. Quinon
about it; if he wants it
done this spring.

Our kindest regards to all
