Mr. and Mrs. Walter Frampton
R.R. # 6
Brainerd, Minnesota

Dear Friends:

I have before me Walter's postal card of February 1 mailed from California. I don't know when you got back to Minnesota but you probably have been there long enough to experience some pretty cold weather, but you are used to it because you have been in Minnesota for a long, long time. I think you may recall that I was born in Minnesota but came to Kansas when I was only six years old, and since then have visited many, many times in your state.

I hope that you had a mighty nice visit in California and if you are back home, are enjoying your beautiful home and will not find it too cold. It will not be more than about three months until I shall probably be with you again.

With best wishes for you both, I remain,

Sincerely yours,

W. C. Simons
