

Etoile either, as it would be the <sup>same</sup> as though you told Mrs H. I am actually sorry for Etoile. I lived with them most of years & am fasted. what a damn fool I have been. For both our sakes do not mention our business. You did not speak of the powder I ordered mailed to you from Henderson. Have you received them? I do not wish to go to Lawrence now, but it is the very place I should be until we get started right. You should know the weight of the contents of each kind of Capsules. And the dose should be uniform & sufficient. We don't have to take spot luck with this medicine because it is a sure thing. I wrote the Patent office tonight as to what steps I should take & will have an answer by the middle of the week. Your son-in-law Mr. Nally I like very much, but he also has a brother that is a medical practitioner in the same town, of course he would know all about the medicine as well as his brother. I do not think that would be fair to either of us. I wanted to put it into your hands so Greenman's sometime after I went to Chicago
