Dear Billy:

Again I have received from you a beautiful neck tie and I wish to express my thanks for same. I note that the tie came from Marshall Field of Chicago. This is of special interest to me because my sister, Julia, whom you knew as Mrs. Brady organized the welfare department for Marshall Field's big store in Chicago, and headed its welfare work for nine years. At that time I was a frequent visitor at the big store.

I appreciate the gift very much and wish you success and happiness in 1952.

Cordially yours,

W. C. Simons
