My dear Collie-

Well it won't be long now before you will <sup>be planning</sup> which one of your daughters will be coming up first, with you. A recent letter, from Blanche, told of her vacation, in Mexico, and also said she thought she would be motoring up with you when it got warm enough. She also said

little Edwin was expecting an other little one on Gertrude's birthday - Would it be nice? and wouldn't Gertrude have loved it that way?

He is an <sup>old</sup> fellow, but he has to be very careful. I'll tell you all about it when you come up -

He enjoys the basket ball games, on the radio, and knows how well Kansas has been doing. They play the semi-finals tonight on the west coast, as you know. He also does quite a little reading - and politics of course.

Warren Freeman is always enquiring about you and thinks you are about tops - as we all do.

He has made a remarkable recovery - and goes up to Duluth and other long trips on business, just as he did before his operations. He was here for dinner and I made biscuits - for him and he had the last ones with honey and of course, we all thought of you and wished you had been with us. A day after his return this wife sent me a box of business tea. I started this hoping to mail it this morning but they have gone in so it will have to wait.

Much love to a dear brother. Devotedly Grace & Don.
