

3 My friends are very
and love to have me
return to Henderson, &
I am having a welcome
that is very pleasing to
me. I suppose you hear
from Ettaile often & do
hope she is still im-
proving, & I would like
to have you do what
you care to dig my mon-
ey out of there. I do not
stick my nose on the
ground any longer,
as Burns would call
it. I have just been talk-
ing with a very happy &
grateful patient who
has been talking my
