Dear Janet,

You are one of my best correspondents and I am always glad to hear from you. I am interested in all your affairs even to your somewhat crippled dog, and it seems marvelous that those little fruit trees should bear so much fruit.

I expect that Mac has a lot of responsibility now in knowing just what to do with all of his farm land, much of which was flooded last year. He impresses me as being a very competent man, not only in his profession, but in his business affairs.

We have just completed housecleaning and you will find things spick and span when you come down.

I was just over to Hixons seeing if they had framed your picture, which I took over to them some days ago. I want to have it framed in white and in a standing frame something like the picture we have of Blanche. Just when they will have it finished, I don't know.

Lots of love,

Dad
