Mrs. L. A. McNalley
Minneapolis, Kansas

Dear Janet,

I am always very glad to see you and I certainly enjoyed going to Kansas City and seeing Mary Beth and her darling little boy. His hair is so dark and there is so much of it that I was surprised to find his eyes so clearly blue. Sometimes in babies, the eyes will look blue, but eventually will be dark. But I do not believe this can be the case with little Jimmy because his eyes definitely are a very beautiful blue.

So far, my three great grandchildren are all boys, and I love them all.

It is good to see you and you can not come too often.

Lots of love,

Dad
