Dear Collie^{and} Gertrude:

I received a letter from Gertrude Saturday and will send her the prescription for her neuritis. Some of these tablets are given in larger doses, but the kind that I use the dose is only 1 tablet marked on the bottle. I have been at Silver City more than I have at Henderson but will be here from now on. It is very lonely here for everything reminds me of my life here with her but she is not here. My friends are very kind to me; do not want me to think of leaving here again, but it seems as though I would die to take up the old life without her. I can get an office in about 2 weeks on the ground floor. ~~Now~~ I could get an office up a long flight of stairs on the out side but I do not like it. I have a good room, an excellent bed, furnished nicely but no bath. I go down to the gas station & get my bath. It is a little inconvenient. If I make a go with Stomacheze it would be better for me to ^{go to} Lawrence & put it up
