

MONTEREY PENINSULA COUNTRY CLUB

PEBBLE BEACH, CALIFORNIA

17 Dec. '51.

Dear Mr. Simons -

Your fine Xmas card just arrived. It is so nice of you to always remember me — and I always look forward to hearing from you.

You and your family always bring to mind many entirely pleasant associations (even if we never did get that foot-race). Perhaps I should be glad of that though for you would probably have beaten me.

Dolph's position in the Alumna Association is a source of pride to me — and in some way it is to you. He's a fine fellow — and I'm proud to know him.

I seem to have gotten quite involved in Boy Scout work this year. The National Office got my name — and have had me teaching in National Camping School, Wood Badge Course, on Scoutmasters Advisory List, etc. But, it's worth while — and in addition I have a good Scout troop. Out of 111 Scouts in troop since I organized it we have had 20% Eagles; others in proportion.

Thanks so much for your card. Please give my best to all your family — and to you a fine Christmas — and may 1952 treat you royally!
Yours, Lifty Spruel
