Dear Mrs. Anderson:

I looked over the Preyer Andreae volume of Genealogies and could not find very much connecting our own Carl Preyer with this well established European family.

I referred to Who's Who and find a very nice statement in regard to Mr. Preyer, which I believe, added to the general information we have regarding him, will enable us to have a suitable story if and when the time comes to use it.

No one in Lawrence, I am sure, holds Carl Preyer in higher esteem than I.

Cordially yours,
