Dear Mr. Carpenter:

I have known for many years that there was a long line of Carpenters in my genealogy. I believe that I mentioned it once to you, and at that time you seemed much interested in receiving a list of my Carpenter ancestors.

I do not know that the late W. T. Carpenter was related to anyone in this line or not. I knew the Carpenter family well for many years, and several of the daughters were members of a Sunday class which I led in the Baptist Church.

With best wishes, I remain,

Very sincerely yours,

W. C. Simons
