

Kansas City and Jackson County Chapter
AMERICAN CANCER SOCIETY, INC.

SHUKERT BUILDING • 1115 GRAND • KANSAS CITY, MISSOURI • VICTOR 7561

May 19, 1952

Mr. Dolf Simons
1509 Massachusetts
Lawrence, Kansas

Dear Mr. Simons:

The Kansas City and Jackson County Chapter of the American Cancer Society has received a memorial gift honoring your dear father and as a token of friendship for you and your family from Mr. and Mrs. Ralph H. Erichsen, 2705 Verona Road, Kansas City, Missouri.

We, who are so interested in the work of our Society, both nationally and locally, are hopeful that through it some early source may reveal the cause of and finally a cure for cancer. We are endeavoring, through intensive research and study, to hasten the day when these results may become available. Memorial gifts will greatly contribute to our purpose, and we sincerely trust that an answer to the prayers of so many thousands will be forthcoming before too long. In the meantime, our Chapter tries to be as helpful as possible by furnishing to those who might otherwise not be able to provide them, such articles as dressings and household sickroom necessities which will be helpful in the care of patients.

I am sure that all memorial gifts carry with them the hope that through the program of our society and other allied sources continued progress may be made in conquering cancer.

Our sincere sympathy and condolences are extended to you in your sorrow.

Sincerely yours,

Catherine Nichols
MRS. MILLER NICHOLS,
Vice-President
