

ROY A. ROBERTS
THE KANSAS CITY STAR

May 15, 1952

Dear Dolph:

I am hastening to send you my very sincere sympathy over your father's death. He gave me my first newspaper job. I worked for him for years when I was just a youngster in the formulative period. I have always looked back with fondness and great respect for what I learned from him.

I have made all my reservations to get away tonight for ten days' rest. I have been able to get very little since Barbara's passing. I am sure you will understand. Otherwise, I would be up for the funeral because there is no one in Kansas journalism that I feel I owe more to than your dad.

My love to you both,

Sincerely,

Roy A Roberts
