Dear Friend and Brother
I have been very sick with
complication of ailments but
I thank our Lord & am
improving slowly I have had
kidney trouble passing of kidney
tissue and I have what my Dr
calls Bronchial Asthma a slight
attack but I thought I would
stop my breath and weak heart
but am some better now but I
am very low in funds as my
income of \$20.00 a month don't
last long in expenses for over 2
weeks now I lived on Bread
and Skimmed Milk (the Bread
over)
