Signs the letters with an advertised pen, And

Turn down a proposal to advertise on the ground That

Advertising Doesn't Pay.

The Marysville Advocate

TRANSPORTATION workers all over our State are busy in their varied jobs . . . helping to build a better Kansas. Their work is a vital link in the everyday requirements of a growing, prosperous Kansas. Transportation is a recognized necessity for the farmer and

industry. The Kansas Power and Light Company, too, is working to build a better Kansas. This year alone, K.P.L. is

the city dweller, for business and for

spending \$14,000,000 for the expansion

and improvement of its facilities. Still

more is planned for future years. All

this is accomplished with funds supplied

by K.P.L. investors and without federal

grants or aid. It is being done to keep

ahead of the growing requirements of

our State . . . to build a better Kansas.

Serving Kansas and Kansans for Seventy Years
