

## Jay Dee's Column

By J. D. Stosz

Joe Sedlacek was a caller at the Joe Thorn home Friday. Joe says he wants to meet all the Out East folks.

Have you noticed the new hat Jim O'Neil is wearing these days? The reason is because grandpa Friday was born to Mr. O'Neil. O'Neil, concerned are getting W 63.

Rev. W 63, strongest argument of Christianity is the true Christian. The Kansas farmers are increasing their crop acreage 14 percent and if the weather is favorable the 14 percent won't amount to anything.

They say George Washington never lied but remember in his day there were no income taxes to pay.

Old Sol is the only one who is working longer hours and demanding no increase in wages.

Mrs. Ike wrote a friend at Abilene last week that she will be home in a month. Can a woman keep a secret?

The only way they can stop Ike these days is to put up MacArthur who can win over him anytime.

Bill Brouhard and family were Sunday dinner guests at the Art Volle home.

Please don't forget the birthday anniversary of Mother Stosz which will be April 23. She will be 95 years young on that date. She received 100 birthday cards last year. Let's see if she can't beat that record this year. Thanks a million.

Born to Mr. and Mrs. Harold Long a baby girl Friday.

Mrs. John Gurtler was a Topeka visitor Tuesday.

The Beatle Rebekah lodge entertained the members and their families with a pot luck supper at the Beatle Bungalow Monday evening with a large attendance. Various games were played and contests held.

Mr. and Mrs. Guy Witham and Mrs. John Daniels were, supper guests at the Ray Plin home Thursday evening.

I wonder what Senator Carlson thinks of this big headline: Taft Wins Ford County Delegates.

Over at Marysville Saturday a traveling salesman asked the question, why can't I find a place to park my car down town? Well that is easy to answer. What we would like to know is—how can one find a place to park his car down town.

Mr. and Mrs. Richard Holle and Mrs. Steve Rogacki and family of Leavenworth were weekend visitors at the Art Volle home.

Mrs. Steve Rogacki and children and Mrs. Ruby Volle left for New York Monday. Mrs. Rogacki and children will sail for Germany April 7 to join her husband, M/Sgt. Steve Rogacki, who is stationed at Munich, Germany.

John Hadorn was a caller at the J. D. Stosz home Monday.

I was surely surprised when I heard President Truman announce that he would not run for re-election when he had just moved into the White House and everything was just the way he wanted it at the expense of five million dollars.

Have you noticed neither political party will confirm it publicly but the fact is both have reached an understanding that no farm legislation will be in the hopper at this season. No farm bill of any

## Open Cancer Drive In District

A cancer drive to extend through the month of April was planned at the county-wide cancer meeting in the basement of the Presbyterian church here recently. Shown above left is Mrs. Robert Henderson, Mahaska, district commander, discussing the campaign with Mrs. Vernon Hall, county chairman. Primary objective of the drive is public information about cancer and secondary aim is fund-raising. The goal for Marshall county was set at \$1,500. Contributions are to be sent to the Citizens' State Bank or to Mrs. Hall.

Importance has been introduced in either the house or the senate. Secretary Brannon fixed this when he appeared before the Senate.

Now folks when one man owns and farms 5,250 acres of land this is too much of a good thing. He shuts out all the little farmers. Joe Munson of Goodland purchased a giant tractor to farm his 5,250 acres of wheat ground. He says he takes the place of six men. The tractor back wheels carry 2,400 by 24-inch ply front wheel tires 1400 by 24. Now listen to this: it takes a 225 horse power diesel engine and requires a 28 H.P. gasoline engine to start the giant tractor.

Tom Roberts says his motto is to be nice to everybody and I always try to do likewise.

The candidates for sheriff are beginning to blossom out these days which should help the sale of 10-gallon hats.

Money does not talk these days, it goes without saying.

Bill Bauer says it is easy to be a person of your word, just so you are mighty careful what you say.

Val Wilhelm and family spent Sunday at the Joe Thorn home.

It sure makes me feel blue when I saw Cpl. Robert Smalley of Topeka and his Japanese war bride in a picture in the Topeka Daily Capital. Now he loves his country the best in the world but not the American girls, the flower of the world. Our American girls can outclass and outshine any Japanese girls I ever saw. Of course I have never seen as many as Cpl. Smalley but here is what still makes you red in the face when he says right here

## Ahead—the Nicest Miles in the World!

Well, the day has come! You have your beautiful Golden Anniversary Cadillac—and are off on that cross-country journey you've so eagerly awaited.

You're full of hope and anticipation—but almost afraid it's too good to be true. Can any car perform and handle the way people say this one does?

You come to the end of the street that opens into the cross-town thoroughfare—and the big, easy-acting brakes settle you down to the softest, smoothest stop you ever experienced in all your life.

You touch the throttle, and the great engine starts you out like the flight of an arrow—smoothly and swiftly and quietly.

Almost before you know it, a light turns red—and, once again, that easy, velvety stop. And then the green—and again that swift, eager move into action.

Stop and go—red and green . . . and pretty soon it dawns upon you that you never dreamed of driving a car that handled and performed like this.

Wonderful in city traffic—no doubt about it!

And then the cars thin out about you—the traffic lights stretch farther and farther apart—and you find yourself on the open road.

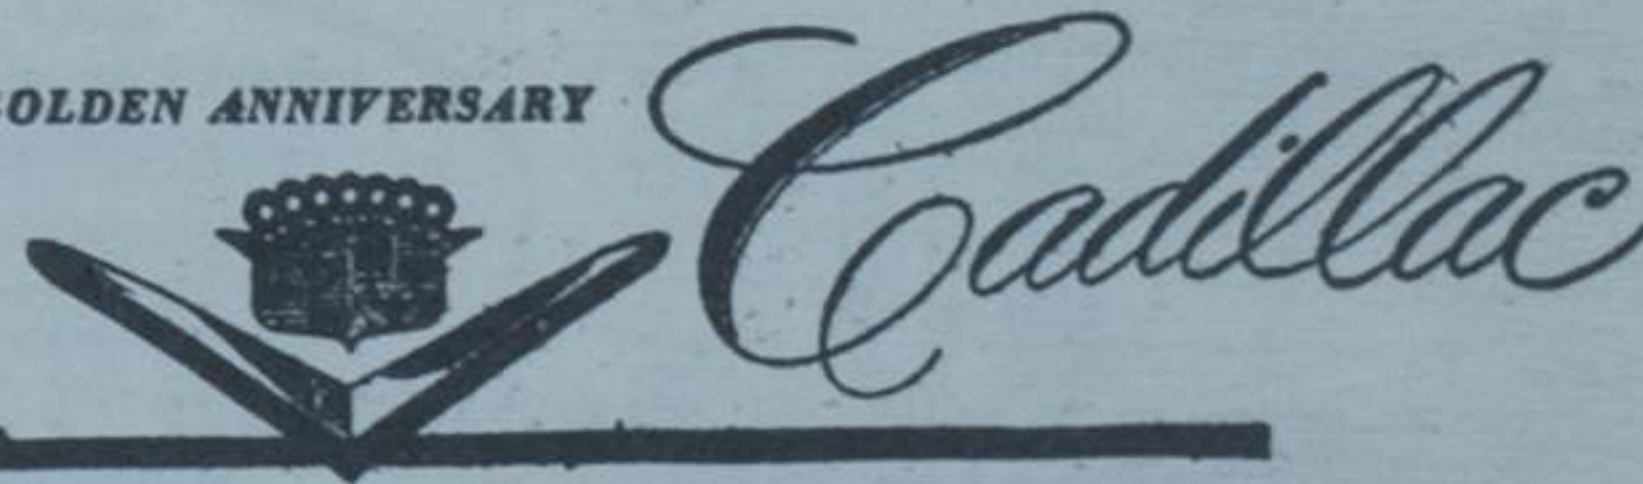

Instinctively, your foot goes down on the throttle; but, quickly, it eases up again. For you find yourself really rolling in a couple of hundred feet! So you do a little experimenting until you find the spot where the accelerator belongs for sane and sensible driving—and then you settle back and relax.

You scarcely seem to be moving at all. You handle the wheel with the weight of your hand. You're comfortable—resting—at peace with the highway! The sun rises higher and the road beckons on.

"Where did we plan on stopping tonight?" "Better take a look at the map and see what's on down the line. We're going to get a lot farther than I ever dreamed we could!"

Yes, it's true what they say about Cadillac. Better come in and see it—and drive it—while you're in the mood!

## Get Wise to PROTECTION

## count on your FEDERAL CROP INSURANCE POLICY To Protect Your Investment

Thousands of progressive corn farmers now have Federal Crop Insurance policies to protect the money they must invest to produce corn.

They regard the premium for their all-risk protection as an investment in security. They know that regardless of how much money is invested in good materials and good farming methods, Mother Nature can destroy their crops.

It's sound business to protect what you invest against the production hazards that can and may bring crop disaster to your farm.
