Sr I send by yr answer to mr Harp I you had mine to you, In yr
answer I do not find yr reasons on which mr Harpe requests
I could wish fully answered, for as I can not but trouble you-us
a line or tow in reply, not y I delight in very much to this
but only to take off yr scruple for not furnishing yr Brothers mi
necessity; As to his trade It is very profitable & his customers Con
siderable, his Tobacco trade which you applaud is not the
loss but y Greater, you are not for well able to Judge at this dis
tance as his friends who upon serious Consideration advised
him to it, It is true her is under six shillings a small or
very little stock; But her is also under six shillings, of harvis
some other rights & priviledges by which he may fairly enable
himselfe, to a full trade If such a friend as yr Selfe please to Cour

for yr Brother, two Copys you have some kindness also for yr
who on all accounts not loss deserves yr love & respect; I hav
furnish him with one 100 In this great straight, for I ass
you to bid him have this money in mr Hunts hands of his affairs, In y
valent to y thrift of so much at an other time nay I will be bo

him & yr Sister with him; for not to do y a kindness when we are call

to get a customer for y Land; nor is there any reason to des
of it, The pressing necessity that present upon him is y reason
of this importunity; I pray on to attain Consideration of it &

I know are not wanting in you, I only beg for my self
you will excuse my bold request here, & Instead of upon my
