

For a very sore throat or a hume that falls from the nose
take some fine wood and pick it cleane and then butter it
well and then lay it to the throat from one eare to the
other and bind a cloth over it very warme and this
is very good for a horsness or great cold you may use
the wood one with out butter it will doe well. ~~It~~

~~It~~ break an impostome in the
Stomack to fret the bage

Drink in the morning fasting a draught of whit wine
vinegar and fast a while after it ~~aproued~~ thing

For stoping in the Stomack
or a short breath proued

Swallow downe 3 or 4 cloues of garlick in the
morning fasting proued

purslen water is very good to washe the mouth with
for the scouery or heat in the mouth proued

For the freshes in young children
let the childs mouth be often ~~be~~ ^{or wet} wiped with the
clout that the childs urine is wet with and put
upon the cloth that is wet a litle clarified Ho
ney a very litle and doe it often and it will
doe much good

Another for the freshes in children
give them often sucrope of mulberys and plantan
water mingled together and wash their mouths often
therewith
