

Fundament
Oyle of limesced is good for all pains in the fundament
Of Womens Matters

If a woman with child must needs be purged let
that be from the 4 month to the 7 yet chuse some wh^{at}
at less but befor 4 and after seven let them receiue
noe purgacions for they might in the bearth the more
perelous for the child if a womene with child be taken
with any greivous dises it is death it is perelous for
a woman with child to have a great laske she whos
flowres be euell colored or shall not keepe the comone
corse had neede to take a purgacion a woman which
hath conceived a male is well colored of a femall con
trary if a conuulsion or faintness take a woman in the
time of her flowrs it is imposable the child shold be hel
th full the flowrs stoping with and a few or great count
and the woman loatheth her meat sure she is with child

Of the dispositions of outward members

If two great greets doe hapen in diuers members at
one time the greater taketh away the lesse paine in the kney
es and loynes and gripings in the belly coming upon
him that hath and a few doth signifie that he shall be
purged downwards the sickness shall chiefly remaine
in that place which was greued befor it begane leti
ng of blood doe outerwardly take away paines that be
egin at the back and the vice remoue to the armes ~~we~~
