

For any sore eyes 7p

Take the hearbe coronacka and still it in a could still
and put in it a litle whit copres in the glass when it
is stilled this is good for all kind of sore eyes to drop
in them or to wash them with

The water of eye bright and wash the eyes every morning
and it will cleere the sight very much and is as good
as a paire of spartickles for an old woman

Wormwood water for the could in the
stomack and for the mother

Take wormwood a voyler full foure gallons of alle
that is stall and strong or worth that is forthnight
t'ould and stronge sinomon 2 of grated ginger
lickrish and any seeds of each and ounce brise all
together grossly then in fuse all in the ale or worth
all night and then distill them in a limbeck

Thus you make Angellica water and balme water
and both which are good for a could stomock

Finamon water very comfortable
and good to stay a laske

Take Cynamon a pound whit wine or sack a gall
on brise the sinomon grossly in fuse it all night in
the wine and still it with a soft fire

A medison for the prick of a thorne

Take the cawle of the fat of an hare key flower black so
pe and the kernells of 20 haisell nuts and beat all this toge
ther in a mortar and make a plaister ther of and lay to the
sore this is proued a very good medison
