

The powder of kates lunge is very good to stop
over flowing of women give it in claret wine or ca
letting of blood is good if it be very violent if the
not miscarey or be with child but I think it a very
dangerous thing to be let blood at such a time
out good advice of a doctor

black bays is very good thing to use for the
same before kiten but it must not be washed but do
and kubed and it will stay them
and other thing for the same use 2 linen cloths and
and noe more and dry the one while you use the other
but let them not be washed at all the time you use
them and kube them and dry them and this will
certainly stay them

Bryled pigeons are very good well seasoned with
pepas and salt and so eat and basted with bre

Pigeons are good stewed in claret wine and the bl
and anchorees and renione and butter and hole py

To make chery brandy take very good brandy
put in to it some of the best and soundest chery
that you can get pull off the striges let them lye
the brandy till it have the perfect tast of the chery
the carrell and then straine out the brandy and
ell it up it is a very wholesome drinke put the chery
in hole
