

make all thes myataals in a powder and mixe wth
ith oyle and set it one a soft fire stirring it all wth non
es and let it boyle till it be a plaister like it is good
to dry up ould sores in the lege

For all Renches and Swellings

Take a pint of milke a handfull of otmeall drye
d rose leaues a handfull of medelot flowers a
handfull a litell peers sewet and seeth it to paper
lay it to the hurtt as hot as can be sufred

A medison For a felon

Take uarges and crums of browne bread and
gray sope and seeth them together till it be kesen
able thik then stick it one a cloth and lay it one
a felone and it will both kill it and heale it

For a Bruse or broken Ribes

Drink the powder of stone pick with beare and
it helpeth

To make oyle of swallows

Take 7 or 8 swallows a live out of the nest stamp
them a live till you have broken their boans and
sinews a sunder then put them into a broad more
thred glass of a pint or some what less and fill
it almost full of sallet oyle and cover the glas
close that noe aire cume in nor goe out and set
it in a skid of water with a lited hay under the
glass to keepe it from moving and let it
