

of China roots and halfe and ounce of sa-
frase which must be cut in to small peeces
a quarter of a pound of harts horne shaued
or scraped so ad your druges spices and
seeds being beat some what grosse and all
yours hearbs being washed Runge in a cloth
and shred put them all in to an earthen-
pott with two gallons of the best and strong-
est Sherry Sack to steepe all night your dr-
ugges spices and seeds to be put in the mid-
est of the hearbs then when you still which
must be the next day: out of the hole qua-
ntity you must draw a quart of the first
which is the best then a pint which is the
second next in goodness then mingell them
three pints together which is the useall wa-
ter and if it proue to stronger put a litell
more of the weaker sort to it the third a-
nd last sort is for other uses as heare after
: you must Aromatize each pottell of your
first useall and drinking water with
thirty grains of bezar twenty fowre grain-
es of musk twenty grains of Amber greece
one pound of suger candy 2 drams of
cured 2 drams of pearle and one drame
