

them well stured then straine it and temper in 3
nces of turpentine first oylting their hands with
butar or oyle and make it up in kowls when you wo
ld use it then wash the wound with small doctor step
ens water or whit wine or kead the 1 part honey sed
en together worne either of them when you wash the
sore then ~~wash~~ ^{work} the salve in your hand and lay it
one the taint or plaistor but lay to new salve but
once a day but wipe it cleane and new taint it a
nd lay it to a gaine first wiping the wound cleane
but dres it morning and night if the wound Ake or
hankle put in a litle oyle of olives and it will m
ake it leave a kinge.

A very good poultes for any swelling

Take ground fley boyled in kening water veryt
ender then beat it and put to it the crums of leuen
bread and sume leuene beat them together and sp
read it ouer with sume good oyle or fresh greas and
lay it to the greese dres it twice a day.

For and Andicome or thorne or felon

Beat black snails with hogs greas lay it to dres it
twice a day also for a thorne lay a Sharpe buge to
it a lince.

To Break and impostome

Take a liley root and an onion and boyle them
in water till they be soft then straine them and boy
le them in hogs greas and use it.
