Prof. Chan. over his bond for the donation of said notes  
but over for the purpose of enabling the Regents to  
enclose the university grounds.

This Bond is also executed and regularly  
recorded.

Our next official act was the obtainment  
of the St Louis Lawrence Relief fund from the  
Union Merchants Exchange of St Louis for the  
erection of the present buildings.

This was obtained upon the same  
conditions as that of the ceding of the city claims  
of Lawrence by the Mayor and City Council

The final action of the Merchants Exchange is  
herein enclosed, as follows, ss.

I enclose herewith  
the consent of the Union Merchants Exchange  
through Barton Able Pres't for the proposed  
use of the Lawrence Relief funds

The Boston Lawrence Relief Committee have  
been applied to asking them to make the  
same disposition of what remains of that  
fund as the St Louis Merchants Exchange  
did, — Negotiations are pending to that  
effect and it is hoped that this may result  
in their donating those funds for the proper  
use of the University building upon the same  
conditions as the other donations
